## Other developments/prospects

### **Government & BKMEA award winner for the best compliant factory**

We have awarded as one of the best compliant factory for fulfilling major compliance issues which was jointly organized by Labor Ministry of Bangladesh Govt. and BKMEA on 1st May, Labor Fair-2008. Furthermore we have also awarded by Naari Uddug Kendra (NUK) for fulfilling core standards on social compliance issues.

### **Fully Compliant with environmental ETP & other social welfare issues**

We are very much concern for hazard free environment and have constructed an Effluent Treatment Plant (ETP) that is running and rectifying waste water. We are also concern about social welfare issues of our worker, our Social Welfare Officers regularly monitor these at floors.

### **Computerized Automated Management Information System (MIS) by ERP (Enterprise Resource Planning)**

As part of automation, implemented in-house developed ERP database software for MIS (Management Information System).

### **In-house Printing Section**

We have an in-house printing facility

### **Carrying facility by own covered van for timely shipment**

We have own covered vans for carrying products on time.

### **CAD/CAM (Computer Aided Design) Machine**

We have in-house CAD/CAM systems
